## Welcome to Volume #2

Here at DDK, we've poured our hearts into curating over 400 Australian-made designs, each one thoughtfully crafted to not only serve your office needs but to inspire the spaces they occupy. We've been calling Melbourne home since 1974, and in all these years, we've dedicated ourselves to creating furniture that reflects the individuality of both the people and the places it serves.

Each piece in our collection is more than just a design – it's an opportunity for you to truly make it yours. Whether you're looking for a specific size, colour, or finish, we've made sure our pieces are ready to be tailored to your exact vision. It's all about giving you the freedom to create a space that feels authentic to you, and we're here to guide you every step of the way.

When it comes to colour, we want to help you bring your dreams to life. With a palette of 60 beautiful colours sourced from local Australian suppliers, we are proud to offer materials that not only look stunning but are also kind to your health and to the planet. Our commitment to sustainability is reflected in every decision we make, from using only the finest E0 boards, in our standard range, to sourcing commercial board sizes that help reduce waste and bring more value to you.

Creating beautiful, functional spaces is something we care deeply about, but it's the details that truly matter. From the moment you step into our catalogue, you'll see the possibilities unfold – endless options to transform your empty floor plans into inviting, customized workspaces that feel as unique as you are.

As a B2B wholesaler and manufacturer, we provide unmatched flexibility in pricing and customization, offering direct solutions to businesses like yours. This unique capability ensures your projects stand out, with one-of-a-kind designs that reflect your vision and bring a distinctive touch to your clients' spaces.

We're always here for you. Our team is dedicated to supporting you in any way we can, ensuring you find exactly what you need and feel confident in your choices. Every question, every idea, every dream is met with care, because that's how we do things at DDK.

At the end of the day, our work is all about you. It's about making things easier, creating beautiful furniture with love and care, and helping you bring your vision to life in the most meaningful way.

This collection exists because of a team that pours heart, skill, and soul into everything we create.

## IN HOUSE PLANT OPTIONS

Apricot Vine   Fiddle Leaf   Monsterra

**Trio Bundle Pot Plants**, these three styles of plants come as a combination of all three looks and are best suited for smaller planter boxes, typically found as inserts inside breakout tables or credenzas. Also suit as a filler between hanging plants for vertical gardens.

\*Products suited to these style plants

Dracaena

Our **Dracaena Plant** is our largest artificial style, designed to fit deeper planter boxes, typically 400-450mm in depth. It's also a great choice when extra height is needed in your plant design. She is a stand alone style and does not suit to be mixed with other styles.

\*Products suited to these style plants

Pothos (Dark Green)

Taro (Light Green)

**Hanging Plants** available in two colour ways suited for products that require an overhang look. Also suited for vertical gardens are our Combination Pot Plants. **Special Note: For Hanging Plant** styles, if you choose a deeper planter box design, such as the Café Planter, we recommend adding extra plants for a fuller look—especially if the planter is used as a room divider and not placed against a wall.

\*Products suited to these style plants

Wall Plants

Our **Wall Plants** are designed to cover large-scale surfaces, such as walls. They are available in combinations with our Ink Line decorative walls, as well as our garden room dividers and wall storage. Available in two different styles.

\*Products suited to these style plants
