- Features:**
- Full fabric screen with top rail for accessory hanging
 - Pinnable EVA surface
 - 5 years warranty

Joining Poles
SHSJP495

Specifications:
Overall Size 30W x 30D x 495H

- Features:**
- Used for joining and stabilising return screen
 - Used where screens join at 90 degrees
 - 5 year warranty

Double Fixing
SHS-FD

Specifications:
Overall Size 100W x 70D x 40H

- Features:**
- Used for back to back desk configurations
 - Used for fixing SHS desk mounted screens
 - Suits desk thickness up to 26mm
 - Comes as set of 2

Return Fixing
SHS-LB | SHS-TB

Specifications:
Overall Size 120W x 50D x 5H

- Features:**
- For use with 750mm wide return screens
 - Single screw plate only, not sold in pairs
 - SHS-LB use with single desks
 - SHS-TB use with back to back desks

HALO & BOOST WORKSTATION RANGE

Introducing the Rapidline Halo and Boost range, the pinnacle of ergonomic excellence, designed to enhance productivity and comfort in your workspace.

The Halo+ is a symbol of unparalleled excellence. Its sleek profile with designer round leg, customisable features, and intuitive controls redefines the standards for premium workstations. Effortlessly customise your workspace with its user-friendly digital control panel, complemented by anti-collision technology and whisper-quiet operation.

Leading alongside is the Boost+, an exemplar of height-adjustable workstations, surpassing industry standards with its low noise emission, safety features, and sturdy build. Choose from various configurations, sizes and colours. You can now also opt for manual height-adjustment with our brand new Boost Manual Crank workstations.

Explore popular additions to the Boost range - Boost Light and Boost Static. Combining affordability with quality, Boost Light offers a cost-effective height adjustable solution with premium features, while Boost Static provides exceptional durability as an ergonomic fixed-height workstation.

ACOUSTIC PODS

B.QUIET® Pods

Rapidline B.Quiet® Acoustic Pods are the perfect solution for providing privacy and confidentiality in today's modern open plan office.

Offering a cost-effective and efficient way to ensure conversations, phone calls and video conferences remain uninterrupted and private, the B.Quiet® is an excellent addition to any workplace.

With a simple, sleek design, the pod fits effortlessly, taking up minimal space and can be relocated when required.

SOUND ABSORBING MATERIALS & CONSTRUCTION

Egg crate acoustic foam

Egg crate foam provides strong noise reduction and is widely used for sound control in recording studios, vocal booths and control rooms. The foam also assists with reverberation reduction and echo prevention for clear audio.

A sandwich element chassis

Acoustic sandwich elements are made from fire-safe materials including sheet metal, gypsum board, recycled acoustic foam and acoustic felt with excellent noise-insulating and noise-absorbing properties.

Acoustic absorption panel

Composed of compressed mineral wool or foam, sound absorbing acoustic panels absorb sound waves to reduce general noise, clarify speech and limit reverberation in walls within enclosed areas.

CONVENIENT PORTABLE & EASY TO ASSEMBLE

Save time

The installation of the Acoustic Pod is quick and efficient. You're not waiting for someone to measure, cut, and assemble each panel. The entire pod is made of prefabricated modules and can be easily installed by a small crew within hours.

Save space

The bottom of the Rapidline Acoustic Pods are fitted with 4 heavy duty castors for easy movement and relocation. When the pod is in the desired position, the castors can be retracted and leveling feet activated.

Save cost

The Rapidline Acoustic Pods save on material costs, labour, delivery and storage fees, while providing a space for employees to take private phone calls and host meetings in an open office environment without the need to relocate to a larger office building.

Single Acoustic Pod

BQ-SPOD BL-GP18-BK
